Part C INDIVIDUALIZED FAMILY SERVICE PLAN

The Individualized Family Service Plan (IFSP) is a written plan that is developed for each eligible infant and toddler with a disability. The Part C regulations specify, at 34 CFR §§303.342 - 303.345, the procedures that State Lead Agencies and early intervention service providers must follow to develop, review, and revise an IFSP for each child. The document below sets out the IFSP content that those regulations require.

Service coordinator: The name of the service coordinator from the profession most immediately relevant to the child's or family's needs (or who is otherwise qualified to carry out all applicable responsibilities under Part C). The service coordinator is responsible for the implementation of the early intervention services identified in the IFSP, including transition services and coordination with other agencies and persons. The service coordinator serves as the single point of contact for carrying out the activities described in 34 CFR §303.34. [34 CFR §\$303.34 and 303.344(g)]
Present levels of development: A statement of the child's present levels of physical development (including vision, hearing, and health status), cognitive development, communication development, social or emotional development, and adaptive development based on the information from the child's evaluation and assessments conducted under §303.321. [34 CFR §303.344(a)]
Family's resources, priorities, and concerns: With the concurrence of the family, a statement of the family's resources, priorities, and concerns related to enhancing the development of the child as identified through the assessment of the family under 34 CFR §303.321(c)(2). [34 CFR §303.344(b)]

Measurable results or measurable outcomes: A statement of the measurable results or measurable outcomes expected to be achieved for the child (including pre-literacy and language skills, as developmentally appropriate for the child) and family, and the criteria, procedures, and timelines used to determine:

- The degree to which progress toward achieving the results or outcomes identified in the IFSP is being made; and
- Whether modifications or revisions of the expected results or outcomes, or early intervention services identified in the ISFP, are necessary. [34 CFR §303.344(c)]
